

## JNT SERIES NECROPSY AND GROSSING WORK STATIONS

### FEATURES

Perforated Work surface with down draft ventilation

Large Radius Corners on interior surfaces for easy cleaning and reduction in accumulation of tissue and debris

The **CSI/Jewett JNT Series** necropsy workstations are well-suited for tissue preparation, organ dissection, slide preparation, specimen examination and other procedures. The durable, economical work station is the popular and preferred choice of histologists worldwide. The downdraft work surface helps reduce airborne particles

#### GENERAL SPECIFICATIONS
