Model SR1521
Fixed-Top Autopsy and Body Wash Table

The SR1521 Fixed-Top Autopsy and Body Wash Table meets the demands and performance criteria of the autopsy procedure or pre-burial processing. Its open construction is easily cleaned and sanitized. Offering a large selection of options, the Model SR1521 is ideal for hospitals, medical examiner facilities and funeral homes. With the optional casters, the body can stay on the table throughout the entire process and is stored in either a **CSI/JEWETT** Roll-in or Walk-In Morgue Refrigerator.

Design Features Include

- 14-gauge polished stainless steel surface, pitched to drain for positive fluid removal
- 3/4-inch radius rolled edge provides superior strength to table top and inhibits the collection of fluid or debris on the underside of the table
- Welded sanitary Type 304 Stainless steel construction with large radius inside corners for easy cleaning
- Manufactured without crevices, lapped edges, rivets, bolts or other fastening devices so that work surfaces remain smooth to prevent the accumulation of bacteria
- Heavy-gauge stainless steel legs and welded cross rails to handle heavy usage
- Two 14-gauge, 6-inch (152mm) wide, stainless steel sliding body supports.
- Adjustable, six-position PVC head rest
- Brass, chrome-plated drain with removable rubber stopper
- Deck Mounted Plumbing fixtures include:
 - Gooseneck spigot with wrist blade water controls and built in vacuum breaker
 - Spray Hose with hot and cold water control, 8' foot stainless steel hose and inline vacuum breaker
