## SR2154 Hydraulic Scissor Lift

### Ensuring efficiency for all of your body handling needs

The SR2154 Hydraulic Scissor Lift makes the tasks of lifting and handling bodies, safer, faster and easier. The easily maneuverable lift works well in all environments where body lifting to and from morgue refrigerators is common practice. Your CSI Jewett representative can help you decide which configuration will work best for you.

#### Spire at your side

##### Standard Features

SR2154 Hydraulic Scissor Lifts have a 600 pound capacity. Lifting range is from 14 to 72.75 inches. Lift is constructed of torsion free steel and has a blue powder coated finish. 1.56" (40 mm) diameter rollers with hand brake, secure body trays on the lift. Standard operation is via foot pedal pump. The SR2154 works with the CSI Jewett MT1 body tray.

##### Ease of use

- 600 pound capacity
- Heavy-duty hydraulic lift system
- Lifting range 14" to 72.75"
- Built-in battery charger
- Large foot pedal controls with optional hand set

Foot pedal controls and battery charger

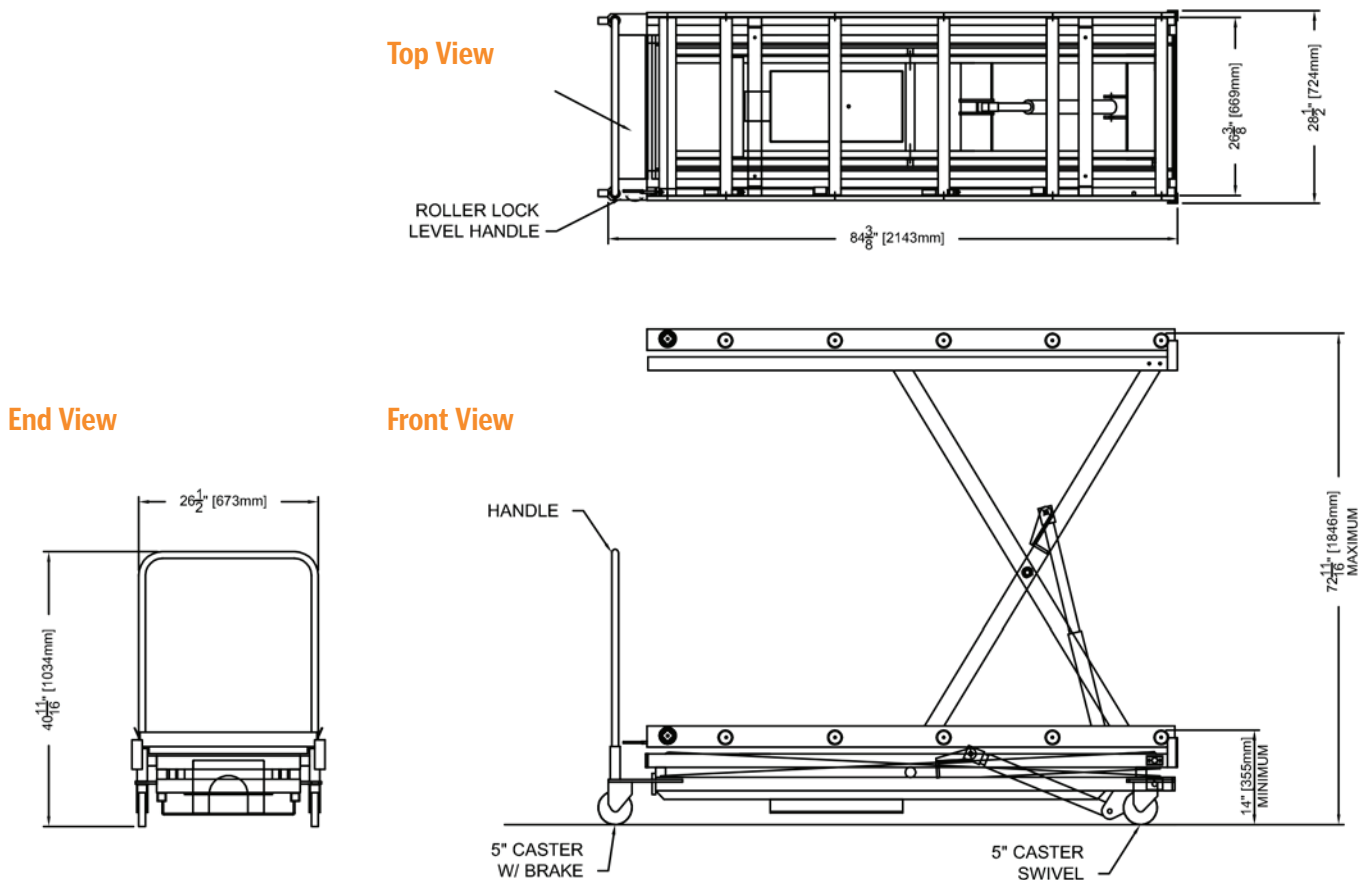

## Options

- Motorized hydraulic lifting mechanism
- Foot operated electromechanical lifting mechanism
- Hand controls
- Side mounted handle
- Side loading bed
- Wider bed to accept MT2 body trays
- Hydraulic side tipping bed
- Shorter wheel base
- Integrated digital weighing scale

To ensure that all of your autopsy procedures have the right equipment to meet your performance criteria, CSI Jewett offers a full range of autopsy tables and sinks that are ideal for hospitals and medical examiner facilities. Visit [SPIRE-is.com](http://SPIRE-is.com) to learn more.

MODEL	Unit Dimensions <i>W x L x H - inches</i>	Configuration	Tray Compatibility
SR2154	28.5 x 84.38 x 14 to 72.75	Foot pump hydraulics	MT1 & MT2
SR2154-01	28.5 x 84.38 x 14 to 72.75	Motorized hydraulics	MT1 & MT2
SR2154-02	31.58 x 84.38 x 14 to 72.75	Motorized with side handle	MT1 & MT2
SR2154-03	36.8 x 84.38 x 14 to 72.75	Motorized with omni-directional rollers	MT1 & MT2
